MISCELLANEOUS TELECOMMUNICATION MATTERS

The Telecommunications Division noticed all telecommunications carriers by letter sent by USPS Mail June 8, 2004, that it would communicate future notices and inquiries with carriers by e-mail. All carriers were instructed to provide the Division an email address for their Primary Regulatory contact. To date the Division does not have valid email addresses for the Primary Regulatory contact for the following carriers. Carriers on this list should update their Utility Contact System (UCS) database records for this email address by submitting the UCS update form available at <http://www.cpuc.ca.gov/telcocarriers>. The Division will send notices via email to all carriers with valid email addresses of important tariff changes and filing deadlines initiated by Resolution T-16901, passed December 2, 2004. Carriers without valid email addresses submitted to the Division will be unable to receive direct notice of these requirements and are hereby noticed by this Daily Calendar notice. Failure to respond to the tariffing requirements contained in Resolution T-16901 may result in penalties as provided by Sections 581, 2107, and 2108 of the Public Utilities Code.

Summary: On December 1, 2004, Erik Jacobson, Chief, Regulatory Relations, Pacific Gas & Electric Company (PG&E), had a telephone conversation with Dave Gamson, advisor to Cmmr. Brown. Jacobson referred to Section 8 of the proposed settlement agreement, and stated that this provision addresses the allocation of savings from future Department of Water Resources contract renegotiations. Jacobson recommended that this provision be incorporated into Cmmr. Brown's alternate proposed decision. Jacobson described the changes that would need to be made to Section 8 to make it consistent with the cost allocation method proposed in Cmmr. Brown's alternate.

12/6/04 A02-05-046 Southern California Edison Company (U 338-E), Regarding the Future Disposition of the Mohave Generating Station.

Summary: On December 1, 2004, Marc Joseph, attorney for the Coalition of California Utility Employees (CUE), had a telephone conversation with Bill Julian, advisor to Cmmr. Wood. Joseph stated that if the water supply proved feasible, Edison should be authorized to proceed without filing another application with the Commission. Joseph also stated that the alternatives that would be studied should not be in competition with continued operation of Mohave.

12/6/04 I02-11-040 Order Instituting Investigation into the Gas Market Activities of Southern California Gas Company, San Diego Gas & Electric Company, Southwest Gas Company, Pacific Gas and Electric Company, and Southern California Edison Company and their impact on the Gas Price Spikes experienced at the California Border from March 2000 through May 2001.

Summary: On December 2, 2004, Marzia Zafar, CPUC Relations Manager for Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company, had a telephone conversation with Belinda Gatti, advisor to Cmmr. Brown. An e-mail notice was sent shortly after the telephone call and a second one was sent on December 3, 2004 (copies are attached to the notice). Zafar explained that while the proposed decision (PD) and Edison claim wrongdoing by SoCalGas due to low storage withdrawals in December, the noncore customers were injecting gas into their storage inventories. Zafar also explained that contrary to the PD and Edison's claims that SoCalGas congested the market in December, SoCalGas actually reduced the amount of gas due to flow into the hub during December by about 150 MMcf. Zafar also noted that SoCalGas arranged loans in the latter part of November that would be taken out in December, thus offsetting some of the December loan repayments, a fact ignored by both Edison and the PD.

 I95-04-044 Investigation on the Commission's own motion into competition for local exchange service.

Summary: On December 1, 2004, Michelle A. Robinson, Vice President Regulatory, Verizon California Inc. (Verizon), met with Cmmr. Brown in San Francisco. Also present was Peter Hanson, advisor to Cmmr. Brown. Written materials (attached to the notice) were used. Robinson discussed the draft decision (DD) regarding Verizon's batch hot cut process. Robinson explained that Verizon's batch hot cut process is state-of-the-art. Verizon pointed out that the DD requires it to adopt the prices established for SBC's Batch Hot Cut Process, which in no way compares to Verizon's process. Robinson indicated that the Commission should consider adopting the prices established for Verizon by the New York Public Service Commission on an interim basis. Robinson also emphasized that certain requirements contained in the PD

are now moot and should be eliminated.

Pacific Bell Telephone Company dba SBC California to modify D94-09-065 to enable SBC California to reduce prices to meet competition.

Summary: On December 2, 2004, Rudy Reyes, Regulatory Counsel, Verizon California Inc., had a telephone conversation with Dr. Tim Sullivan, advisor to Cmmr. Kennedy. Referring to the interim rate design pricing flexibility order recently voted out in this proceeding, Reyes noted that the decision contains numerous statements characterizing the state of competition in the telecommunications market that are factually and legally erroneous, not supported by the record, and inappropriate given the summary judgment process adopted for this proceeding.
